BURY HIM AT THE POLLS.

Springer Warns Reed to Prepare for His Own and His Party's Funeral Next November.

WASHINGTON, June 19.—The proceedings of the house this morning opened with the expected fight over the reference of the silver bill. When the journal was read, Mr. Mills of Texas, objected to its approval, on the ground that the clerk had not read it in full. The speaker said that the clerk had only omited such parts as was customary, but he directed the clerk to read it in full, which was done, and it disclosed the fact that the silver bill had been received from the senate and referred to the committee on coinage, weights and measures.

Mr. McKinley moved the approval of the journal, and demanded the previous question, despite Mr. Mills' protest that he was entitled to recognition to move a correction of the journal. Mr. Springer, of Illinois, made the point that the journal contained a record of something which had not happened, and which should not be in the journal. The speaker replied that this was for the house to decide, while Mr. Springer, amid applause on the democratic side, made a vigorous protest, saying to the speaker:

"You can ignore the rights of representatives of the people; but the people will put you down at the polls next November and your party with you."

The speaker was unmoved, however, and the roll call proceeded and resulted—yeas 106, nays 117; so the journal was not approved. The democrats applauded vigorously.

The following named republicans voted with the democrats in the negative: Bartine of Nevada, DeHaven of California, Kelly of Kansas, Kerr of Iowa, Lind of Minnesota, Morrow of California, and Townsend of Colorado. When the applause had ceased, the speaker recognized Mr. Mills, who offered a resolution that the order of reference made by the speaker on the silver bill to the committee on coinage, weights and measures, was incorrect under the rules of the house, and was made without authority under the rules, and resolving that the journal be corrected by striking the entry from it.

Mr. Cannon, of Illinois, raised a point of order against the resolution. He claimed that the resolution proposed to strike out an entry which recorded a question of fact, and argued that the senate amendments would require to be considered in committee of the whole. No conscietious man could vote to strike out the recital of fact. Mr. Mills, of Texas, characterized Mr. Cannon's position as the boldest, most reckless, and absurd position he had ever heard. It showed that a well disciplined mind might become beclouded by starting out in error and continuing that course. Under the constitution the journal was to be kept by the house, not by the speaker or his clerks.

Mr. Mills charged the republican party with being false to its pledges on the silver question. The democratic party would give the people free and unlimited coinage of silver. The republican party was voting against the wishes of the people.

Mr. Peters, of Kansas, declared himself a free coinage man, but sustained the speakers action. Much laughter was caused by the vehemence of an interogatory put by Mr. M. Biggs, of California, to Mr. Peters. Mr. Biggs was called to order before getting an answer. Mr. Crisp, of Georgia, argued that under the rules the speaker had not the power to make the reference he had made. He referred to a decision made by the speaker concerning the Washington postoffice bill, which he held was opposite to the rulings under discussion.

This construction was controverted by Mr. Butterworth of Ohio, stating that he would have voted to overrule the ruling if he believed as Mr. Crisp did. In reference to a remark by Mr. Butterworth that the chair was always right, Mr. Crisp disclaiming any discourtesy, drew a simile between the remark and that of the Hindoo who appropriated his Hindoo god saying, "I know that he is ugly, but I feel that he is great."

The speaker joined in the hearty laughter that followed, and caused another outburst by remarking dryly, "the chair hopes that personal matters will not be introduced in this discussion."

Mr. Springer, of Illinois, claimed that the house had a right to revise its journal. The purpose of referring the bill to the committee on coinage was to prevent the house voting on the question of concurrence in the senate amendment.

Mr. Springer held that the silver bill was not properly (under the rules) before the house yesterday, because business on the speakers table had not been reached.

WARNER ELATED.

Gen. A. J. Warner, of Ohio, is elated over the prospects for the free coinage of silver. He says the bill as passed by the senate is as good a free coinage bill as any one can ask for, and that it is now certain to come to a vote in the house. The motion in his opinion will be to non-concur. If that is voted

refuse to entertain a motion to concur, as it would be contrary to all parliamentary precedents of congress. In Mr. Warner's opinion the senate has proved itself to be closer in faith with popular sentiment than the house. "I have no fear," Mr. Warner added, "but that free silver is at hand. Four fifths of the people of the country are united in favor of free silver."

COMES BY CABLE.

The News as It Comes From Foreign Shores.

BERLIN, June 19.—The condition of the duke of Saxe-Meeggen continues to be serious. The massage treatment has been recommended by Prof. Boergamn and other physicians, and it is probable that the duke will undergo it at Wiesbaden.

LONDON, June 19.—The Paris correspondent of the Daily News asserts that an English protectorate over Zanzibar will be opposed by both France and Russia.

The Berlin correspondent of the Times in a dispatch to that paper says: It would be an international misfortune should the restriction by the British parliament of the bill providing for the cession of Heligoland to Germany in return for African territorial concessions made by the latter country result in changing the current of German gratitude to England into a less friendly feeling. The Germans are enthusiastic over the satisfactory outcome of the negotiations with England on the question of the African territorial rights of the two countries.

The Chronicle protests against Lord Salisbury going out of the way to enlarge the territory of Germany when the utmost necessity on account of New Foundland, to cultivate the friendliness of France. It thinks the government builder has brought us within measureable disolution. If the Helioland bill is rejected, the Ministers will be bound to appeal to the country.

A BAD ACCIDENT.

Two Men Killed and Others Injured on the Pennsylvania Road.

TRENTON, N. J., June 19.—Two men were killed and several others seriously injured by an accident on the new branch of the Pennsylvania railroad now being constructed between Norrisville and Downingtown, Pa. A gang of men were engaged in grading the new track and were at the bottom of a hill from which dirt was being dumped from a number of flat cars. In some manner six of the cars became detached from the locomotive and ran down the hill at a rapid speed, finally leaving the track and tippling where the men were working. Most of them succeeded in getting out of the way, but two of them, named Murphy and Egelia, were caught by the cars and killed. About a dozen others were injured.

STERN MEASURES

Adopted by a Professor to Keep His Students from Wrong.

SHAWNEETOWN, Ind. Ter., June 19.—Two Indian boys at the government school for Indian children, were suspended by Prof. Harvey, for paying clandestine visits at night to the apartments of two Indian girls. The professor a few nights ago armed himself with a double barreled gun, and watched for the boys. They soon made their appearance, and started to climb into the girls' room by means of a rope ladder. The professor called on them to stop, but they only climbed the faster. The professor then shot at them, inflicting a very serious wound on one of the boys. The Shawnee Indians are very much excited over the matter.

A COLD BATH.

Forty Men and Boys Precipitated in the Water.

NEW YORK, June 19.—A section of the bridge running from the sea wall in front of the Hudson Square park, Hoboken, to the free baths gave way last night and precipitated about forty men and boys into the water beneath. There was great excitement among the hundreds of people that were on other parts of the bridge, and in the neighborhood, and their frantic movements greatly retarded the rescuing of the drowning people. It is believed, however, that all were rescued without serious injury.

Gasoline Explosion.

CALIAS, Me., June 19.—Last evening C. A. Lindlow, station agent of the New Brunswick railway at St. Stephen, N. B., entered a car containing two iron tanks filled with gasoline, and lighted a lantern. A small amount of gasoline from one of the tanks exploded, blew him out of the door, wrecked the car, smashed all the windows in the vicinity and set fire to the car and freight house. Lindlow was badly burned.

COULDN'T GET BAIT!

The Master of an American Schooner Unable to Get Bait for Cod Fishing at Bay St. George.

BAY ST. GEORGE, N. F., June 19.—The American fishing schooner, Hattie Evelyn, of Gloucester, Mass., put in here yesterday morning to buy herring for bait to use in cod fishing on the great banks. Collector of the Port Hirst boarded the vessel and demanded light house dues of $16. As all seven of the light houses on the coast are erected and maintained by the Canadian government, and the New Foundland authories have never put up a single light house on the French shore, Capt. George McLean, master of the schooner, refused to pay. The collector threatened to seize the vessel and the dues were paid after a formal protest.

The collector next notified Captain McLean not to buy bait until he had purchased a license under the new bait act. This would cost $65. He threatened seizure if Captain McLean tried to evade the law. McLean claimed the right under the treaty of 1818 to get bait on the French shore and denied the power of the local government of New Foundland to obstruct the construction of the treaty made between Great Britain and the United States. He reminded the captain that the entire fleet of American vessels got their bait here without obstruction four weeks ago. The collector was still obdurate and the captain sent the following telegram to Sir William Whiteway, the premier, at St. Johns:

I am master of the American schooner Hattie Evelyn and put in here for bait. The collector demands light money, which I have paid under protest. The collector now demands a license for bait, under penalty. As an American citizen I claim the privilege of procuring bait under the treaty of 1818. Do you support the collector in his demands? Answer immediately.

The answer which came, after a long delay, from the attorney general at St. Johns said briefly:

You cannot purchase bait without a license.

Captain McLean would not yield what he believed to be his rights as an American citizen, and sailed away, after much loss of time, to try and procure bait elsewhere.

THE LOTTERY CHARTER.

An Englishman Offers to Pay $250,000 More a Year Than the Louisiana Lottery Company Pays.

NEW ORLEANS, June 19.—In the state senate yesterday the proposition to investigate the rumors of bribery in connection with the lottery legislation, was indefinitely postponed by a vote of 22 to 12. This vote is regarded in some quarters as a test of the strength of the lottery people in the senate. As two antis were absent when the vote was taken, the result shows that fourteen senators are opposed to the lottery scheme. This will be sufficient to defeat the bill, which requires a two-third vote to pass it.

A. Hengass, of London, England, presented a proposition to the legislature yesterday, offering $1,250,000 a year for a lottery privelege for twenty-five years. This is $250,000 a year more than is offered by the Louisiana Lottery Co. It is said that a New York syndicate will make a similar offer.

THROWN OUT OF COURT.

A Yale Student Who Does Not Pay His Debts.

HARTFORD, Conn., June 19.—The suit of the Sing Chong company, of Shrughie, China, against young Young Wing to recover $13,000, was thrown out of court yesterday. Young Wing, who is a Yale graduate, visited China some years ago and while there borrowed $13,000 from the Sing Chong company. He has failed to repay the money. The company appealed to the American courts to force the delinquent borrower to pay the amount. The plaintiff's documentary evidence and exhibits are in the Chinese language. The defense protested that the evidence was not admissible and, after hearing the arguments, Judge Thayre gave judgment in favor of Young Wing.

Drowned.

SANTA CRUZ, June 19.—A man named John Smith said he left San Francisco on Tuesday last in a sloop with two others, was rescued several miles above this city from a small boat to which he was clinging. When found he was thoroughly exhausted. He says that his two companions, named Sullivan and Ryan, and himself were endeavoring to make the shore in a small boat when it capsized, precipitating all three into the water. Ryan and Sullivan were drowned.

Bucket Shop Decision.

FRANKFORT, Ky., June 19.—The court of appeals rendered a decision yesterday which gives the loser in bucket shop transactions the same right to recover the money as in other kinds of gambling. This will probably settle the bucket shop business in Kentucky.

Republican Convention.

FARGO, N. D., June 19.—It has been decided to hold the republican state convention at Grand Forks July 29. The selection of the time is a knock out for the lottery men, who were in favor of September 15. The [illegible]

AT HIGH NOON

Occurs the Marriage of the Youngest Daughter of Senator Farwell to Hobart C. Taylor.

CHICAGO, June 19.—Miss Rose Farwell became the bride of Hobart Chatfield Taylor at high noon to-day. The bride is the youngest daughter of United States Senator Charles B. Farwell and a sister of Mrs. Reginald de Koven, the noted musician and comic opera composer. The groom is twenty-five years of age, a nephew of Payne Chatfield, the well-known society man, a literateur of fame, one of the founders and editors of America, of considerable wealth and the head of the creme de la creme of Chicago bachelor circles. The bride is a stately and beautiful girl of nineteen, and but a few weeks ago graduated from college.

INDIANS PARADE.

They Create a Lively Time in a Firemen's Parade at Pierre.

PIERRE, S. D., June 19.—When the firemen's parade formed yesterday at 10 o'clock the Indians from the Big Foot and the Hump bands, who had been invited to take part, rode upon ponies, painted and breech-clouted, and swung in directly in front of the parade. The stylish Pierre city band was crowded to one side, the Indians sweeping through them with war clubs in the air. The officers of the day attempted to lead them to the rear, but were compelled to run to get out of danger. An interpreter was finally procured, the bucks were quelled, and upon promise of several fat beeves to kill directly after the parade, they took their places in the rear. Once again during the parade the braves could not contain themselves and rode down the line on a run, scattering the companies right and left. Last night the Indians held a big war dance, while medicine men of the tribe performed ceremonies to make their hose team win in the races to-day.

WOMAN EXILED

For Predicting Harm to the Czar of Russia.

ST. PETERSBURG, June 19.—Madame Tschebrikova and fifteen others have been exiled to the remote village of Yargsk, department of Vogoda, in the northern part of Russia, where they will be placed under surveilance. Madam Tschebrikova is the woman who recently wrote a remarkable letter predicting for the czar the fate of his predecessors, Peter III., Paul I. and Alexander II., unless his reactionary policy was abated. The letter was found in the private apartments of the czar, and subsequently was very generally published throughout Europe and the United States.

Mrs. Harrison and Children Leave for Cape May.

WASHINGTON, June 19.—Mrs. Harrison, Mrs. McKee and her children, left Washington at 9 o'clock this morning over the Pennsylvania railroad for Cape May Point, where Mrs. Harrison will remain during the summer. Mrs. McKee will probably remain with her mother three weeks. She will make several trips to the more fashionable summer resorts during the season.

LOUISIANA'S CAPITAL

May be Removed from Baton Rouge to New Orleans.

BATON ROUGE, La., June 19.—By a vote of 9 to 5, the ways and means committee decided to report favorably on the proposed constitutional amendment removing the capitol from this city to New Orleans.

Alger's Opinion.

DETROIT, Mich., June 19.—General Alger was asked what the result would be if the bill should pass reducing the tariff on lumber from $2 to $1. He said: "The direct result would be the transferring of the base of operations in a large measure from Michigan to Canada, as Canada stumpage is cheaper than Michigan and other states. A great number of Michigan lumber men think the result of this reduction would be disastrous."

Champion Runner Dead.

HILLSDALE, Mich., June 19.—Robert A. Ward, the champion half mile runner of the Detroit athletic club, died suddenly yesterday afternoon at his father's residence here. Mr. Ward also held the half mile amateur championship of the United States, which title he won at the annual meeting of the Amateur Athletic union at Traverse Island, N. Y., last fall.

THIRTY-FIVE DAYS.

Mayor Harding Will Deliver Medicine in Large Doses to Vagrants--Police Court.

Some time last night Ewing's grove was made the camping place of about fourteen tramps, each and every one of whom was about as ugly a specimen of the class as has infested this community. The patrol wagon was sent for, but the fellows took warning of its approach and fled. Officer Limecooly gave chase, capturing two of the very toughest of the gang. They were slated at police court as Timothy Kliffon and John Rogers. They came from nowhere and are beating a path to the same place. The mayor said he would assess a fine heavy enough to keep the offenders out of bad company for thirty-five days, as he would treat other vagrants in the future.

John Welsh and Thomas Collins were arrested last night at the south depot by Officer Kramer for drunkenness.

George Davidson, a brother of the murdered Davidson and uncle of the Davidson now on trial for the crime, arrived in the city last night from Indianapolis. The man was laboring under the difficulties of a prolonged spree, approaching delirium tremens, being so daft on intelligible subjects that he was mistaken on the streets for an insane man. Officer Gusching took him into custody and locked him up. When arraigned before the mayor this morning his case was visibly needful of medical attendance and he was accordingly sent to the jail hospital, where the county physician will set him right.

Newton Murray, a brawny and ugly citizen, assaulted his wife last night at their apartments, in the Didier building, at the corner of Columbia and Barr streets. Officer Stoll investigated and placed Murray under arrest, but the man resisted. A rough-and-tumble fight ensued, in which Stoll's club came into play. The wagon soon arrived and Lieutenant Lapp came to the young officer's assistance. Murray will stay behind the bars for a term of fifteen days.

MR. "JERRY" ERVIN.

Death of a Well Known and Prominent Farmer.

At noon yesterday occurred the death of Mr. Jeremiah Ervin, a well known and prominent farmer living six miles north of the city. He was a brother of Mr. John Ervin, of this city, and was universally esteemed for his sterling worth as a citizen, possessing traits of character that won for him the love of all with whom he was thrown into contact.

He was born in this county on the 25th day of November, 1840. He was a soldier in the late war of the rebellion, having enlisted in 1864 and serving for a year in active duty. Mr. Ervin was a member of the Methodist church of Wallen and his funeral will be held at that sanctuary to-morrow morning at 11 o'clock, the interment being at the cemetery at Wallen.

The cause of his death was dropsy. A widow and ten children survive him to mourn the loss of a devoted husband and a kind, true father. His death will be heard with sadness by his large circle of friends throughout the county.

LIQUOR SEIZED.

Searchers Raid the Original Package Houses at Des Moines.

DES MOINES, Iowa, June 19.—The "searchers" yesterday began raiding the original package houses on warrants charging the proprietors with obtaining and keeping liquors and illegal sales. A number of places were visited and all the liquor not in original packages was seized. The "searchers" then ordered the proprietors out, closed and locked the doors, and carried the keys away. It is understood that they only intend molesting the dealers who break original packages.

Silver Talk.

DENVER, June 19.—The meeting of the Colorado silver association, which was held here yesterday, was addressed by Francis G. Newland, of Nevada, a member of the national silver committee appointed by the St. Louis convention, who has been in attendance in Washington through the winter. Resolutions were adopted favoring free coinage and opposed to bullion redemption, also favoring the retirement of those senators and congressmen who voted for such a measure.

Down an Embankment.

READING, Pa., June 19.—This morning while fifteen young ladies from the Schuylkill seminary, at Fredericksburg, were on their way to the railroad station at Joneston in a coach drawn by four horses, some of the harness broke and the animals becoming unmanageable, plunged down a twenty foot embankment, the coach and its occupants falling on top of the horses. All of the ladies were more or less severely injured.

Foreign Strike.

CALIAS, Me., June 19.—The strike among the lumber men ended this morning and the men returned to work at $1.40 per day. They demanded $1.50.

THE Ohio prohibitionists nominated a state ticket to-day.

MR. ROSE, the chief of the census bureau at Baltimore, thinks the present population of Baltimore is between 437,000 and 438,000.

THE cedar block pavement makes West Jefferson street loom up as one of the most popular thoroughfares in the city for evening drives.

THE census enumerators of the city who have not completed their labors have had the time extended for making their returns until Saturday.

THE house committee on postoffices has authorized a favorable report on the bill fixing eight hours as a day's work for clerks and employes in all first and second-class postoffices whose salaries do not exceed $1,400.

THE democratic state central committee of Ohio have decided to hold their state convention at Springfield on August 26 and 27. The Buckeyes pass their state conventions around and this is what should be done in Indiana.

THE ladies of Marion are organizing a society for the prevention of cruelty to children and animals. Fort Wayne has had an organization of that kind for several years, but through the lack of interest on the part of its members lately, it is doing little work.

ANOTHER weather prognosticator in the person of Prof. Collar bobs up serenely and tells what will happen for the balance of the month. He says the last few days will be almost unbearable in warmth and the nights very uncomfortable. There will be a few wild and furious storms, doing more hurt than good to crops.

STANLEY has been made Governor General of the Congo Free State. The place goes to him under the "law of natural selection." He is entitled to the position by the right of discovery. Certainly no man is better equipped by observation and experience for governing this new free state than the man who of all men knows the most about Africa.

THE Columbia City Post pays Prof. N. R. Leonard this compliment: "Prof. Leonard of the Fort Wayne Gazette, attended the court house dedication and reported the proceedings for his paper. He gave an exceedingly interesting sketch of the building and exercises, and demonstrated the fact that he can do such work a little bit better than some of the younger men of the fraternity who would class him as a back number or an old fogy. The report gave evidence of scholarship and ability to discern the most salient points in the addresses."

PRESIDENT HARRISON sees the handwriting on the wall. In a published interview with a gentleman at Washington he says he is not a candidate for renomination to the presidency. Hear him: "I am not the president of any one party, nor am I president for purposes of self-seeking. My duty is to the whole country and I will perform it. I am not nor will I be a candidate for renomination. I am sick and overwhelmed with the ingratitude of friends and the importunity of selfish office-seekers. When my term is ended I will lay down the office with a sense of relief such as I have never before enjoyed. I will go back to Indianapolis, resume the practice of law and retire from public affairs."

A BASKET meeting is to be held in Jeffries' grove near Broxon church, Saturn, Whitley county, next Saturday. Elder M. Blaney, of Kendallville, formerly pastor of the Christian church of this city, will conduct the meeting.

THE board of state charities has arranged to hold a state conference of charities in Indianapolis in the month of October next, the exact date of which has not yet been determined. A circular has been issued asking the co-operation and attendance of all county commissioners, superintendents of infirmaries, matrons of orphans' homes, township trustees, county officers and all citizens interested in charitable and reformatory work. The conference will occupy probably three days.

A FEW days ago the Indianapolis Journal made the statement that the Indianapolis Sentinel newspaper company was engaged in selling the new voting booths, to be used under the new election law in force in this state. The Gazette of this city made the same statement. The Indianapolis Journal, in its next issue, made a correction of its item and said that the name used in its article as selling the voting booths should have been the Indianapolis Sentinel Job Printing company, a firm in no wise connected with the Sentinel newspaper company. The Fort Wayne Gazette has not published a correction of its mis-statement. Why is this thus?

THE senate committee on finance, in its reduction of duties fixed in the McKinley bill upon various articles, has taken a step that adversely affects an industry in Indiana. The present tariff bill fixes a duty of about 3 cents a yard, (1½ cent a pound) upon cotton bagging, which is worth 6 cents or less a square yard and about 4 cents a yard (2 cents a pound) for bagging sold at 6 cents or more per yard. The McKinley bill reduced the duty to 13.10 cent a yard for the article worth less than 6 cents per yard and 14.5 cent per yard for that worth 6 cents or more per yard. The senate committee on finance has reduced the figures fixed by the McKinley bill so as to make the first grade pay 1 3.10 cent and the second grade 1½ cent per yard. The largest cotton bagging industry in the United States is located at Muncie. It was one of the first factories established in the country and was located there by James Boyce about fifteen years ago. He started upon a small capital and imported a small quantity of jute butts, which he used with home-grown flax. From that plant he enlarged till there were fifty or sixty flax mills throughout the state in operation as feeders for that and other cotton bagging factories. The factory at Muncie is now employing several hundred persons, and is one of the greatest industries in the state.

THE SILVER BILL.

The text of the silver bill, as it passed the United States senate, and goes to the house for action, is as follows:

Section 1. That from and after the date of the passage of this act the unit of value in the United States shall be the dollar, and the same may be coined of 412½ grains of the standard silver, or of 25 8-10 grains of standard gold; and the said coins shall be equally legal tender for all debts, public or private, that thereafter any owner of silver or gold bullion may deposit the same at any mint of the United States to be formed into standard dollars or bars for his benefit and without charge; but it shall be lawful to refuse any deposit of less value than $100, or any bullion so base as to be unsuitable for the operations of the mint.

Sec. 2 That the provisions of section 3 of an act to authorize the coinage of the standard silver dollar, and to restore its legal tender character, which became a law February 28, 1878, is hereby made applicable to the coinage in this act provided for.

Sec. 3. That the certificates provided for in the second section of this act, and all silver and gold certificates already issued, shall be of denominations of not less than $1 or more that $100; and such certificates shall be redeemed in coin of standard value. A sufficient sum to carry out the provisions of this act is hereby appropriated out of any money in the treasury not otherwise appropriated. The provision in section 1, of the act of February 28, 1878, entitled "An act to autohrize the coinage of the standard silver dollar and to restore its legal tender character," which requires the secretary of the treasury to purchase at the market price thereof not less than two million dollars of silver bullion per month, nor more than four million dollars' worth per month of such bullion, is hereby repealed.

Sec. 4. That the certificates provided for in the act, and all silver and gold certificates already issued shall be receivable for all taxes and dues to the United States of every description, and shall be a legal tender for the payment of all debts, public and private.

Sec. 5. The owners of bullion deposited for coinage shall have the opportunity to receive coin or its equivalent in the certificates provided for in this act, and such bullion shall be subsequently coined.

Section 6 provides for covering into the treasury the fund held for the redemption of national bank circulation. The title of the bill was amended so as to read: "An act to provide for the free coinage of gold and silver bullion and for other purposes."

THREE IN A ROW.

The Fort Wayne Club, as Reorganized, Not Yet Defeated.

The Fort Wayne base ball club won its third consecutive game yesterday since its reorganization, Kokomo being the losing club. The score stood 5 to 1. Gallagher and Ferris were in the points. Only three hits were made off our pitcher. Harmony rests serene over our club now, which accounts for the good playing.

Following is the score:

Kokomo	1	0	0	0	0	0	0	0	0	—1
Fort Wayne	0	4	0	0	0	1	0	0	*	—5

Hits, Kokomo 3, Fort Wayne 5. Errors, Kokomo 2, Fort Wayne 3. Batteries, Lucid and Raffert, Gallagher and Ferris. Umpire, Sullivan.

SAVED HIS LIFE.

A Criminal Escapes the Death Penalty Through a Railroad Accident.

PARKERSBURG, W. V., June 18.—The railroad disaster a day or two ago on the Chesapeake and Ohio, near Ashland, in which a number of persons were killed, was the means of saving the life of Azero Palace. He was about to be tried on the charge of having criminally assaulted Miss Julia Hester, the penalty for which crime in this state is death. The only witnesses were the girl herself, her sister and mother. All three were killed in the disaster and the case against Azero has been dismissed for want of testimony against him.

ARKANSAS DEMOCRATS.

The Ticket Nominated at Their State Convention.

LITTLE ROCK, Ark., June 18.—The democratic state convention yesterday nominated the following ticket: Governor, James P. Eagle; secretary of state, B. B. Chism; attorney general, W. E. Atkins; supreme judge, Moter Sandles. Grover Cleveland was endorsed as the next presidential candidate.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

HUGE SPORT!

Cleveland, Dressed in a Rubber Suit Goes Yachting.

BUZZARDS BAY, Mass., June 18.—Grover Cleveland, clothed from head to foot in rubber, participated in the regatta of the Beverly Yacht club yesterday. He was the guest of the twenty-two-foot cat boat, Ada, and sailed over the entire course—eight miles. The sea was very heavy, but the ex-president enjoyed the sport hugely. He was landed at Marion.

BERLIN, June 18.—The press of this city very generally approves the settlement agreed upon by Germany and England with regard to African affairs. Both governments are congratulated upon the amicable adjustment of all disputed points, and the opinion is expressed that the result will establish the best of relations between the two great powers in the near future and guarantee the continuance of peace.

GREED OF GAIN

and thirst for pleasure. The ruling passion of the human family. In grasping after riches the brain is taxed, the nervous system strained. In the pursuit of pleasure the body is tortured by fashion's despotic sway; the hours designed for repose are devoted to exciting revelry; the stomach is ruthlessly imposed upon; pure water, the natural drink for all created beings, is ignored, and liquid fire is substituted until, ere we are aware of it, disease has fixed its iron grasp upon us. Then we look for the "remedy." To the victim of these follies, we commend Dr. Tutt's Liver pills. They stimulate the liver, strengthen the nerves, restore the appetite and build up the debilitated body.

A SON MISSING.

An Anxious Mother Making Inquiries for a Lost Son.

About the middle of last April the dead body of an unknown man was found floating in the river at Bluffton, and there being no identification, the body was interred at the expense of Wells county. The coroner made his required examination of witnesses and returned a verdict of "unknown man, drowned or suicide."

The description of the dead man was published and came to the ears of Mrs. Emma Korn, of Roanoke, Ind, who was in the city last evening, en route to Bluffton. She fears that the dead body is that of her son, Fred, who has been missing for some time. The woman said she received from her son a letter shortly previous to the finding of the body, stating that he was in poor health. She fears he committed suicide. When interviewed by a SENTINEL reporter last evening, Mrs. Korn said she was hardly able to go further on her journey. She was advised to return home and address the coroner of Wells county for particulars.

THE SECRET OF BEAUTY.

PIMPLES, BLOTCHES, AND ERUPTIONS ON THE SKIN EVIDENCE THE FACT THAT THE BLOOD IS NOT IN A HEALTHY CONDITION. NOTHING RELIEVES THIS SO SATISFACTORILY AS SWIFT'S SPECIFIC.

DISFIGURING SORES.

About two years ago a sore came on my nose. I called in a physician, who could arrest its growth for only a few days at a time, when it would appear again as bad as ever. It finally became permanent, and despite the constant attention of several physicians it continued to grow worse, the discharge from the ulcer being exceedingly offensive.

This was my sad condition when I commenced to take SWIFT'S SPECIFIC (S. S. S.) about a month ago, but I am now happy to say that after taking four large bottles of this wonderful medicine my nose is entirely well, and my general health better than it has been in ten years.

Mrs. LUCINDA RUSH, Atlanta, Ga.

His Wife Suffered from Erysipelas.

MR. JOHN O. ROGERS, of Dana, Ill., writes as follows, under date of March 27, 1890:

"My wife was for years an invalid from a blood trouble, and suffered terrible at times from Erysipelas. She tried many remedies advertised as blood purifiers, but received no benefit. A few bottles of SWIFT'S SPECIFIC (S. S. S.) cured her of Erysipelas and other blood troubles. From the first her appetite increased and her general health improved in every way. She gained in flesh, the best blood purifier and tonic she ever saw, and is willing for any one suffering as she was to be referred to her."

Her Picture.

The mistake, in social conversation, of people who have money, and apparently nothing else, may be counted by the hundred, if report speak truly. Lack of culture can never render a person ridiculous, unless he is, at the same time, boastful and assuming, and there are, unfortunately, a sufficient number of such pretenders to point many a joke.

A very ignorant and wealthy woman who was fond of talking about her "art gallery," one day met, at the house of an acquaintance, a lady who had not called on her, although they lived in the same town.

"Come and see me, do!" said Mrs. B——, the patron of art, as the other lady was taking her leave.

"Thank you very much," was the noncommittal reply.

"We've got a new picture, too. That ought to tempt you to come if I can't."

"I should be very glad indeed to see it."

"Such a lovely picture! Sometimes it seems to me I could look at it all day long."

"What is the subject of your picture, Mrs. B——?" inquired the hostess.

"Jupiter and Ten," returned she, with assurance.

Then some one remembered that the name, "Jupiter and Io," was probably printed upon the engraving.

Symbols and Cymbals.

Explanations in set terms means very little to children. After hearing a point carefully defined, they sometimes need explanation of the definition. A little girl who had been given a number of Easter eggs was greatly delighted with their gay coloring and varied designs. Yet it occurred to her that she had never known what Easter eggs had to do with that festival.

"Auntie," she said, laying down her box of treasures, and putting on what the family called her "quizzing cap," "do people have colored eggs any time in the year, or is it only at Easter?"

"Only at Easter, I think," said auntie, who was very busy at drawing on her new gloves, and only half heard the question.

"And what does an Easter egg mean?"

"It's a symbol of life," and auntie ran hurriedly upstairs for a forgotten handkerchief. Poor little Annie! She had not learned much, after all.

"I wish I could just know what a symbol is," she said softly to herself, and her twin brother put in a lofty word:

"Oh, I can tell you that! It's a thing they used to play on in Bible times."

His Mind Was Elsewhere.

"Anything new in kids?" inquired the stylish young lady while on her shopping tour at a Sixth avenue store.

"Yes," replied the polite salesman, absent-mindedly, "twins last night—I beg your pardon—"

But the stylish young lady was out of sight.—*Town Talk.*

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual. The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

E. C. POTTER & CO.

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.

National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— DOLLARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

COFFEE, COFFEE—Rio, Java, Mocha and Roasted Coffee.

There has been little change in the Coffee Market the last three months. It is too high yet. The clique has control of the market and keeps prices up. We still sell our best Rio at 22c. lb. This we are enabled to do in consequence of our large purchases and selling direct to our customers—in this way saving the profit of the jobber and wholesale merchant.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The high price of Coffee has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our motto is selling large quantities at a small profit, for we purchase direct of the Importers and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.

BURY HIM AT THE POLLS.

Springer Warns Reed to Prepare for His Own and His Party's Funeral Next November.

WASHINGTON, June 19.—The proceedings of the house this morning opened with the expected fight over the reference of the silver bill. When the journal was read, Mr. Mills of Texas, objected to its approval, on the ground that the clerk had not read it in full. The speaker said that the clerk had only omited such parts as was customary, but he directed the clerk to read it in full, which was done, and it disclosed the fact that the silver bill had been received from the senate and referred to the committee on coinage, weights and measures.

Mr. McKinley moved the approval of the journal, and demanded the previous question, despite Mr. Mills' protest that he was entitled to recognition to move a correction of the journal. Mr. Springer, of Illinois, made the point that the journal contained a record of something which had not happened, and which should not be in the journal. The speaker replied that this was for the house to decide, while Mr. Springer, amid applause on the democratic side, made a vigorous protest, saying to the speaker:

"You can ignore the rights of representatives of the people; but the people will put you down at the polls next November and your party with you."

The speaker was unmoved, however, and the roll call proceeded and resulted—yeas 166, nays 117; so the journal was not approved. The democrats applauded vigorously.

The following named republicans voted with the democrats in the negative: Bartine of Nevada, DeHaven of California, Kelly of Kansas, Kerr of Iowa, Lind of Minnesota, Morrow of California, and Townsend of Colorado. When the applause had ceased, the speaker recognized Mr. Mills, who offered a resolution that the order of reference made by the speaker on the silver bill to the committee on coinage, weights and measures, was incorrect under the rules of the house, and was made without authority under the rules, and resolving that the journal be corrected by striking the entry from it.

Mr. Cannon, of Illinois, raised a point of order against the resolution. He claimed that the resolution proposed to strike out an entry which recorded a question of fact, and argued that the senate amendments would require to be considered in committee of the whole. No conscietious man could vote to strike out the recital of fact. Mr. Mills, of Texas, characterized Mr. Cannon's position as the boldest, most reckless, and absurd position he had ever heard. It showed that a well disciplined mind might become beclouded by starting out in error and continuing that course. Under the constitution the journal was to be kept by the house, not by the speaker or his clerks.

Mr. Mills charged the republican party with being false to its pledges on the silver question. The democratic party would give the people free and unlimited coinage of silver. The republican party was voting against the wishes of the people.

Mr. Peters, of Kansas, declared himself a free coinage man, but sustained the speakers action. Much laughter was caused by the vehemence of an interogatory put by Mr. M. Biggs, of California, to Mr. Peters. Mr. Biggs was called to order before getting an answer. Mr. Crisp, of Georgia, argued that under the rules the speaker had not the power to make the reference he had made. He referred to a decision made by the speaker concerning the Washington postoffice bill, which he held was opposite to the rulings under discussion.

This construction was controverted by Mr. Butterworth of Ohio, stating that he would have voted to overrule the ruling if he believed as Mr. Crisp did. In reference to a remark by Mr. Butterworth that the chair was always right, Mr. Crisp disclaiming any discourtesy, drew a simile between the remark and that of the Hindoo who appropriated his Hindoo god saying, "I know that he is ugly, but I feel that he is great."

The speaker joined in the hearty laughter that followed, and caused another outburst by remarking dryly, "the chair hopes that personal matters will not be introduced in this discussion."

Mr. Springer, of Illinois, claimed that the house had a right to revise its journal. The purpose of referring the bill to the committee on coinage was to prevent the house voting on the question of concurrence in the senate amendment.

Mr. Springer held that the silver bill was not properly (under the rules) before the house yesterday, because business on the speakers table had not been reached.

WARNER ELATED.

Gen. A. J. Warner, of Ohio, is elated over the prospects for the free coinage of silver. He says the bill as passed by the senate is as good a free coinage bill as any one can ask for, and that it is now certain to come to a vote in the house. The motion in his opinion will be to non-concur. If that is voted down, he says, the speaker can hardly refuse to entertain a motion to concur, as it would be contrary to all parliamentary precedents of congress. In Mr. Warner's opinion the senate has proved itself to be closer in faith with popular sentiment than the house. "I have no fear," Mr. Warner added, "but that free silver is at hand. Four fifths of the people of the country are united in favor of free silver."

COMES BY CABLE.

The News as It Comes From Foreign Shores.

BERLIN, June 19.—The condition of the duke of Saxe-Meeggen continues to be serious. The massage treatment has been recommended by Prof. Boergamn and other physicians, and it is probable that the duke will undergo it at Wiesbaden.

LONDON, June 19.—The Paris correspondent of the Daily News asserts that an English protectorate over Zanzibar will be opposed by both France and Russia.

The Berlin correspondent of the Times in a dispatch to that paper says: It would be an international misfortune should the restriction by the British parliament of the bill providing for the cession of Heligoland to Germany in return for African territorial concessions made by the latter country result in changing the current of German gratitude to England into a less friendly feeling. The Germans are enthusiastic over the satisfactory outcome of the negotiations with England on the question of the African territorial rights of the two countries.

The Chronicle protests against Lord Salisbury going out of the way to enlarge the territory of Germany when the utmost necessity on account of New Foundland, to cultivate the friendliness of France. It thinks the government builder has brought us within measureable disolution. If the Helioland bill is rejected, the Ministers will be bound to appeal to the country.

A BAD ACCIDENT.

Two Men Killed and Others Injured on the Pennsylvania Road.

TRENTON, N. J., June 19.—Two men were killed and several others seriously injured by an accident on the new branch of the Pennsylvania railroad now being constructed between Norristville and Downingtown, Pa. A gang of men were engaged in grading the new track and were at the bottom of a hill from which dirt was being dumped from a number of flat cars. In some manner six of the cars became detached from the locomotive and ran down the hill at a rapid speed, finally leaving the track and tippling where the men were working. Most of them succeeded in getting out of the way, but two of them, named Murphy and Egelis, were caught by the cars and killed. About a dozen others were injured.

STERN MEASURES

Adopted by a Professor to Keep His Students from Wrong.

SHAWNEETOWN, Ind. Ter., June 19.—Two Indian boys at the government school for Indian children, were suspended by Prof. Harvey, for paying clandestine visits at night to the apartments of two Indian girls. The professor a few nights ago armed himself with a double barreled gun, and watched for the boys. They soon made their appearance, and started to climb into the girls' room by means of a rope ladder. The professor called on them to stop, but they only climbed the faster. The professor then shot at them, inflicting a very serious wound on one of the boys. The Shawnee Indians are very much excited over the matter.

A COLD BATH.

Forty Men and Boys Precipitated in the Water.

NEW YORK, June 19.—A section of the bridge running from the sea wall in front of the Hudson Square park, Hoboken, to the free baths gave way last night and precipitated about forty men and boys into the water beneath. There was great excitement among the hundreds of people that were on other parts of the bridge, and in the neighborhood, and their frantic movements greatly retarded the rescuing of the drowning people. It is believed, however, that all were rescued without serious injury.

Gasoline Explosion.

CALIAS, Me., June 19.—Last evening C. A. Lindlow, station agent of the New Brunswick railway at St. Stephen, N. B., entered a car containing two iron tanks filled with gasoline, and lighted a lantern. A small amount of gasoline from one of the tanks exploded, blew him out of the door, wrecked the car, smashed all the windows in the vicinity and set fire to the car and freight house. Lindlow was badly burned.

Fraudulent Pensions.

BOSTON, June 19.—George Watson, a veteran of the Mexican war, aged sixty-five years, was arrested at East Milton yesterday, charged with fraudulently drawing the pensions of four other veterans.

The Weather.

WASHINGTON, June 19.—For Indiana: Fair, except showers, stationary temperature, northerly winds.

COULDN'T GET BAIT!

The Master of an American Schooner Unable to Get Bait for Cod Fishing at Bay St. George.

BAY ST. GEORGE, N. F., June 19.—The American fishing schooner, Hattie Evelyn, of Gloucester, Mass., put in here yesterday morning to buy herring for bait to use in cod fishing on the great banks. Collector of the Port Hirst boarded the vessel and demanded light house dues of $16. As all seven of the light houses on the coast are erected and maintained by the Canadian government, and the New Foundland authories have never put up a single light house on the French shore, Capt. George McLean, master of the schooner, refused to pay. The collector threatened to seize the vessel and the dues were paid after a formal protest.

The collector next notified Captain McLean not to buy bait until he had purchased a license under the new bait act. This would cost $65. He threatened seizure if Captain McLean tried to evade the law. McLean claimed the right under the treaty of 1818 to get bait on the French shore and denied the power of the local government of New Foundland to obstruct the construction of the treaty made between Great Britain and the United States. He reminded the captain that the entire fleet of American vessels got their bait here without obstruction four weeks ago. The collector was still obdurate and the captain sent the following telegram to Sir William Whiteway, the premier, at St. Johns:

I am master of the American schooner Hattie Evelyn and put in here for bait. The collector demands light money, which I have paid under protest. The collector now demands a license for bait, under penalty. As an American citizen I claim the privilege of procuring bait under the treaty of 1818. Do you support the collector in his demands? Answer immediately.

The answer which came, after a long delay, from the attorney general at St. Johns said briefly:

You cannot purchase bait without a license.

Captain McLean would not yield what he believed to be his rights as an American citizen, and sailed away, after much loss of time, to try and procure bait elsewhere.

THE LOTTERY CHARTER.

An Englishman Offers to Pay $250,000 More a Year Than the Louisiana Lottery Company Pays.

NEW ORLEANS, June 19.—In the state senate yesterday the proposition to investigate the rumors of bribery in connection with the lottery legislation, was indefinitely postponed by a vote of 22 to 12. This vote is regarded in some quarters as a test of the strength of the lottery people in the senate. As two antis were absent when the vote was taken, the result shows that fourteen senators are opposed to the lottery scheme. This will be sufficient to defeat the bill, which requires a two-third vote to pass it.

A. Hengass, of London, England, presented a proposition to the legislature yesterday, offering $1,250,000 a year for a lottery privelege for twenty-five years. This is $250,000 a year more than is offered by the Louisiana Lottery Co. It is said that a New York syndicate will make a similar offer.

THROWN OUT OF COURT.

A Yale Student Who Does Not Pay His Debts.

HARTFORD, Conn., June 19.—The suit of the Sing Chong company, of Shrughio, China, against young Young Wing to recover $13,000, was thrown out of court yesterday. Young Wing, who is a Yale graduate, visited China some years ago and while there borrowed $13,000 from the Sing Chong company. He has failed to repay the money. The company appealed to the American courts to force the delinquent borrower to pay the amount. The plaintiff's documentary evidence and exhibits are in the Chinese language. The defense protested that the evidence was not admissible and, after hearing the arguments, Judge Thayre gave judgment in favor of Young Wing.

Drowned.

SANTA CRUZ, June 19.—A man named John Smith said he left San Francisco on Tuesday last in a sloop with two others, was rescued several miles above this city from a small boat to which he was clinging. When found he was thoroughly exhausted. He says that his two companions, named Sullivan and Ryan, and himself were endeavoring to make the shore in a small boat when it capsized, precipitating all three into the water. Ryan and Sullivan were drowned.

Bucket Shop Decision.

FRANKFORT, Ky., June 19.—The court of appeals rendered a decision yesterday which gives the loser in bucket shop transactions the same right to recover the money as in other kinds of gambling. This will probably settle the bucket shop business in Kentucky.

Republican Convention.

FARGO, N. D., June 19.—It has been decided to hold the republican state convention at Grand Forks July 29. The selection of the time is a knock out for the lottery men, who were in favor of September 15. The anti-lottery men had a pronounced majority.

AT HIGH NOON

Occurs the Marriage of the Youngest Daughter of Senator Farwell to Hobart C. Taylor.

CHICAGO, June 19.—Miss Rose Farwell became the bride of Hobart Chatfield Taylor at high noon to-day. The bride is the youngest daughter of United States Senator Charles B. Farwell and a sister of Mrs. Reginald de Koven, the noted musician and comic opera composer. The groom is twenty-five years of age, a nephew of Payne Chatfield, the well-known society man, a literateur of fame, one of the founders and editors of America, of considerable wealth and the head of the creme de la creme of Chicago bachelor circles. The bride is a stately and beautiful girl of nineteen, and but a few weeks ago graduated from college.

INDIANS PARADE.

They Create a Lively Time in a Firemen's Parade at Pierre.

PIERRE, S. D., June 19.—When the firemen's parade formed yesterday at 10 o'clock the Indians from the Big Foot and the Hump bands, who had been invited to take part, rode upon ponies, painted and breech-clouted, and swung in directly in front of the parade. The stylish Pierre city band was crowded to one side, the Indians sweeping through them with war clubs in the air. The officers of the day attempted to lead them to the rear, but were compelled to run to get out of danger. An interpreter was finally procured, the bucks were quelled, and upon promise of several fat beeves to kill directly after the parade, they took their places in the rear. Once again during the parade the braves could not contain themselves and rode down the line on a run, scattering the companies right and left. Last night the Indians held a big war dance, while medicine men of the tribe performed ceremonies to make their hose team win in the races to-day.

WOMAN EXILED

For Predicting Harm to the Czar of Russia.

ST. PETERSBURG, June 19.—Madame Tschebrikova and fifteen others have been exiled to the remote village of Yargsk, department of Vogoda, in the northern part of Russia, where they will be placed under surveilance. Madam Tschebrikova is the woman who recently wrote a remarkable letter predicting for the czar the fate of his predecessors, Peter III., Paul I. and Alexander II., unless his reactionary policy was abated. The letter was found in the private apartments of the czar, and subsequently was very generally published throughout Europe and the United States.

WASHINGTON, June 19.—Mrs. Harrison, Mrs. McKee and her children, left Washington at 9 o'clock this morning over the Pennsylvania railroad for Cape May Point, where Mrs. Harrison will remain during the summer. Mrs. McKee will probably remain with her mother three weeks. She will make several trips to the more fashionable summer resorts during the season.

May be Removed from Baton Rouge to New Orleans.

BATON ROUGE, La., June 19.—By a vote of 9 to 5, the ways and means committee decided to report favorably on the proposed constitutional amendment removing the capitol from this city to New Orleans.

Alger's Opinion.

DETROIT, Mich., June 19.—General Alger was asked what the result would be if the bill should pass reducing the tariff on lumber from $2 to $1. He said: "The direct result would be the transferring of the base of operations in a large measure from Michigan to Canada, as Canada stumpage is cheaper than Michigan and other states. A great number of Michigan lumber men think the result of this reduction would be disastrous."

Champion Runner Dead.

HILLSDALE, Mich., June 19.—Robert A. Ward, the champion half mile runner of the Detroit athletic club, died suddenly yesterday afternoon at his father's residence here. Mr. Ward also held the half mile amateur championship of the United States, which title he won at the annual meeting of the Amateur Athletic union at Traverse Island, N. Y., last fall.

St. Louis' Population.

ST. LOUIS, Mo., June 19.—According to the figures turned in by the enumerators, the population of St. Louis is 435,000, or 75,000 less than the most conservative estimates. Four special enumerators have been set to work revising the districts from which come reports of neglect.

THIRTY-FIVE DAYS.

Mayor Harding Will Deliver Medicine in Large Doses to Vagrants--Police Court.

Some time last night Ewing's grove was made the camping place of about fourteen tramps, each and every one of whom was about as ugly a specimen of the class as has infested this community. The patrol wagon was sent for, but the fellows took warning of its approach and fled. Officer Limecooly gave chase, capturing two of the very toughest of the gang. They were slated at police court as Timothy Kliffon and John Rogers. They came from nowhere and are beating a path to the same place. The mayor said he would assess a fine heavy enough to keep the offenders out of bad company for thirty-five days, as he would treat other vagrants in the future.

John Welsh and Thomas Collins were arrested last night at the south depot by Officer Kramer for drunkenness.

George Davidson, a brother of the murdered Davidson and uncle of the Davidson now on trial for the crime, arrived in the city last night from Indianapolis. The man was laboring under the difficulties of a prolonged spree, approaching delirium tremens, being so daft on intelligible subjects that he was mistaken on the streets for an insane man. Officer Gusching took him into custody and locked him up. When arraigned before the mayor this morning his case was visibly needful of medical attendance and he was accordingly sent to the jail hospital, where the county physician will set him right.

Newton Murray, a brawny and ugly citizen, assaulted his wife last night at their apartments, in the Didier building, at the corner of Columbia and Barr streets. Officer Stoll investigated and placed Murray under arrest, but the man resisted. A rough-and-tumble fight ensued, in which Stoll's club came into play. The wagon soon arrived and Lieutenant Lapp came to the young officer's assistance. Murray will stay behind the bars for a term of fifteen days.

MR. "JERRY" ERVIN.

Death of a Well Known and Prominent Farmer.

At noon yesterday occurred the death of Mr. Jeremiah Ervin, a well known and prominent farmer living six miles north of the city. He was a brother of Mr. John Ervin, of this city, and was universally esteemed for his sterling worth as a citizen, possessing traits of character that won for him the love of all with whom he was thrown into contact.

He was born in this county on the 25th day of November, 1840. He was a soldier in the late war of the rebellion, having enlisted in 1864 and serving for a year in active duty. Mr. Ervin was a member of the Methodist church of Wallen and his funeral will be held at that sanctuary to-morrow morning at 11 o'clock, the interment being at the cemetery at Wallen.

The cause of his death was dropsy. A widow and ten children survive him and mourn the loss of a devoted husband and a kind, true father. His death will be heard with sadness by his large circle of friends throughout the county.

LIQUOR SEIZED.

Searchers Raid the Original Package Houses at Des Moines.

DES MOINES, Iowa, June 19.—The "searchers" yesterday began raiding the original package houses on warrants charging the proprietors with obtaining and keeping liquors and illegal sales. A number of places were visited and all the liquor not in original packages was seized. The "searchers" then ordered the proprietors out, closed and locked the doors, and carried the keys away. It is understood that they only intend molesting the dealers who break original packages.

Silver Talk.

DENVER, June 19.—The meeting of the Colorado silver association, which was held here yesterday, was addressed by Francis G. Newland, of Nevada, a member of the national silver committee appointed by the St. Louis convention, who has been in attendance in Washington through the winter. Resolutions were adopted favoring free coinage and opposed to bullion redemption, also favoring the retirement of those senators and congressmen who voted for such a measure.

Down an Embankment.

READING, Pa., June 19.—This morning while fifteen young ladies from the Schuylkill seminary, at Fredericksburg, were on their way to the railroad station at Joneston in a coach drawn by four horses, some of the harness broke and the animals becoming unmanageable, plunged down a twenty foot embankment, the coach and its occupants falling on top of the horses. All of the ladies were more or less severely injured.

Foreign Strike.

CALIAS, Me., June 19.—The strike among the lumber men ended this morning and the men returned to work at $1.40 per day. They demanded $1.50.

Mrs. K. H. Wade and daughter, Eva, who have been guests of Mr. and Mrs. J. J. White, left for Lafayette to-day to visit. They will soon return to Los Angeles, Cal., their home.

THE Ohio prohibitionists nominated a state ticket to-day.

MR. ROSE, the chief of the census bureau at Baltimore, thinks the present population of Baltimore is between 437,000 and 438,000.

THE cedar block pavement makes West Jefferson street loom up as one of the most popular thoroughfares in the city for evening drives.

THE census enumerators of the city who have not completed their labors have had the time extended for making their returns until Saturday.

THE house committee on postoffices has authorized a favorable report on the bill fixing eight hours as a day's work for clerks and employes in all first and second-class postoffices whose salaries do not exceed $1,400.

THE democratic state central committee of Ohio have decided to hold their state convention at Springfield on August 26 and 27. The Buckeyes pass their state conventions around and this is what should be done in Indiana.

THE ladies of Marion are organizing a society for the prevention of cruelty to children and animals. Fort Wayne has had an organization of that kind for several years, but through the lack of interest on the part of its members lately, it is doing little work.

ANOTHER weather prognosticator in the person of Prof. Collar bobs up serenely and tells what will happen for the balance of the month. He says the last few days will be almost unbearable in warmth and the nights very uncomfortable. There will be a few wild and furious storms, doing more hurt than good to crops.

STANLEY has been made Governor General of the Congo Free State. The place goes to him under the "law of natural selection." He is entitled to the position by the right of discovery. Certainly no man is better equipped by observation and experience for governing this new free state than the man who of all men knows the most about Africa.

THE Columbia City Post pays Prof. N. R. Leonard this compliment: "Prof. Leonard of the Fort Wayne Gazette, attended the court house dedication and reported the proceedings for his paper. He gave an exceedingly interesting sketch of the building and exercises, and demonstrated the fact that he can do such work a little bit better than some of the younger men of the fraternity who would class him as a back number or an old fogy. The report gave evidence of scholarship and ability to discern the most salient points in the addresses."

PRESIDENT HARRISON sees the handwriting on the wall. In a published interview with a gentleman at Washington he says he is not a candidate for renomination to the presidency. Hear him: "I am not the president of any one party, nor am I president for purposes of self-seeking. My duty is to the whole country and I will perform it. I am not nor will I be a candidate for renomination. I am sick and overwhelmed with the ingratitude of friends and the importunity of selfish office-seekers. When my term is ended I will lay down the office with a sense of relief such as I have never before enjoyed. I will go back to Indianapolis, resume the practice of law and retire from public affairs."

A BASKET meeting is to be held in Jeffries' grove near Broxon church, Saturn, Whitley county, next Saturday. Elder M. Blaney, of Kendallville, formerly pastor of the Christian church of this city, will conduct the meeting.

THE board of state charities has arranged to hold a state conference of charities in Indianapolis in the month of October next, the exact date of which has not yet been determined. A circular has been issued asking the co-operation and attendance of all county commissioners, superintendents of infirmaries, matrons of orphans' homes, township trustees, county officers and all citizens interested in charitable and reformatory work. The conference will occupy probably three days.

A FEW days ago the Indianapolis Journal made the statement that the Indianapolis Sentinel newspaper company was engaged in selling the new voting booths, to be used under the new election law in force in this state. The Gazette of this city made the same statement. The Indianapolis Journal, in its next issue, made a correction of its item and said that the name used in its article as selling the voting booths should have been the Indianapolis Sentinel Job Printing company, a firm in no wise connected with the Sentinel newspaper company. The Fort Wayne Gazette has not published a correction of its mis-statement. Why is this thus?

THE senate committee on finance, in its reduction of duties fixed in the McKinley bill upon various articles, has taken a step that adversely affects an industry in Indiana. The present tariff bill fixes a duty of about 3 cents a yard, (1½ cent a pound) upon cotton bagging, which is worth 6 cents or less a square yard and about ¼ cents a yard (2 cents a pound) for bagging sold at 6 cents or more per yard. The McKinley bill reduced the duty to 13.10 cent a yard for the article worth less than 6 cents per yard and 14.5 cent per yard for that worth 6 cents or more per yard. The senate committee on finance has reduced the figures fixed by the McKinley bill so as to make the first grade pay 1 3.10 cent and the second grade 1½ cent per yard. The largest cotton bagging industry in the United States is located at Muncie. It was one of the first factories established in the country and was located there by James Boyce about fifteen years ago. He started upon a small capital and imported a small quantity of jute butts, which he used with home-grown flax. From that plant he enlarged till there were fifty or sixty flax mills throughout the state in operation as feeders for that and other cotton-bagging factories. The factory at Muncie is now employing several hundred persons, and is one of the greatest industries in the state.

THE SILVER BILL.

The text of the silver bill, as it passed the United States senate, and goes to the house for action, is as follows:

Section 1. That from and after the date of the passage of this act the unit of value in the United States shall be the dollar, and the same may be coined of 412½ grains of the standard silver, or of 25 8-10 grains of standard gold; and the said coins shall be equally legal tender for all debts, public or private, that thereafter any owner of silver or gold bullion may deposit the same at any mint of the United States to be formed into standard dollars or bars for his benefit and without charge; but it shall be lawful to refuse any deposit of less value than $100, or any bullion so base as to be unsuitable for the operations of the mint.

Sec. 2 That the provisions of section 3 of an act to authorize the coinage of the standard silver dollar, and to restore its legal tender character, which became a law February 28, 1878, is hereby made applicable to the coinage in this act provided for.

Sec. 3 That the certificates provided for in the second section of this act, and all silver and gold certificates already issued, shall be of denominations of not less than $1 or more that $100; and such certificates shall be redeemed in coin of standard value. A sufficient sum to carry out the provisions of this act is hereby appropriated out of any money in the treasury not otherwise appropriated. The provision in section 1, of the act of February 28, 1878, entitled "An act to autohrize the coinage of the standard silver dollar and to restore its legal tender character," which requires the secretary of the treasury to purchase at the market price thereof not less than two million dollars of silver bullion per month, nor more than four million dollars' worth per month of such bullion, is hereby repealed.

Sec. 4. That the certificates provided for in the act, and all silver and gold certificates already issued shall be receivable for all taxes and dues to the United States of every description, and shall be a legal tender for the payment of all debts, public and private.

Sec. 5. The owners of bullion deposited for coinage shall have the opportunity to receive coin or its equivalent in the certificates provided for in this act, and such bullion shall be subsequently coined.

Section 6 provides for covering into the treasury the fund held for the redemption of national bank circulation. The title of the bill was amended so as to read: "An act to provide for the free coinage of gold and silver bullion and for other purposes."

THREE IN A ROW.

The Fort Wayne Club as Reorganized. Not Yet Defeated.

The Fort Wayne base ball club won its third consecutive game yesterday since its reorganization, Kokomo being the losing club. The score stood 5 to 1. Gallagher and Ferris were in the points. Only three hits were made off our pitcher. Harmony rests serene over our club now, which accounts for the good playing.

Following is the score:

Kokomo. ..... 1 0 0 0 0 0 0 0 0—1
Fort Wayne.....0 4 0 0 0 1 0 0 *—5

Hits, Kokomo 3, Fort Wayne 5. Errors, Kokomo 2, Fort Wayne 3. Batteries, Lucid and Raffert, Gallagher and Ferris. Umpire, Sullivan.

Andrew Lehman, of Kokomo, discovered burglars in his house early yesterday morning and in an attempt to capture them, he was shot at twice, one bullet grazing his leg and another his shoulder. The thieves secured $71 and other plunder.

Isaac Eudaily, of Madison, who died yesterday in his 100th year, was a veteran of the war of 1812, the Mexican war and the Rebellion. He settled in Madison in 1810. Recently congress allowed him $50 per month for his services in the war of 1812.

SAVED HIS LIFE.

A Criminal Escapes the Death Penalty Through a Railroad Accident.

PARKERSBURG, W. V., June 18.—The railroad disaster a day or two ago on the Chesapeake and Ohio, near Ashland, in which a number of persons were killed, was the means of saving the life of Azero Palace. He was about to be tried on the charge of having criminally assaulted Miss Julia Hester, the penalty for which crime in this state is death. The only witnesses were the girl herself, her sister and mother. All three were killed in the disaster and the case against Azero has been dismissed for want of testimony against him.

You Take No Risk

In buying Hood's Sarsaparilla, for it is everywhere recognized as the standard building-up medicine and blood purifier. It has won its way to the front by its own intrinsic merit, and has the largest sale of any preparation of its kind. Any honest druggist will confirm this statement. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Be sure to get Hood's.

ARKANSAS DEMOCRATS.

The Ticket Nominated at Their State Convention.

LITTLE ROCK, Ark., June 18.—The democratic state convention yesterday nominated the following ticket: Governor, James P. Eagle; secretary of state, B. B. Chism; attorney general, W. E. Atkins; supreme judge, Moter Sandles. Grover Cleveland was endorsed as the next presidential candidate.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

HUGE SPORT!

Cleveland, Dressed in a Rubber Suit Goes Yachting.

BUZZARDS BAY, Mass., June 18.—Grover Cleveland, clothed from head to foot in rubber, participated in the regatta of the Beverly Yacht club yesterday. He was the guest of the twenty-two-foot cat boat, Ada, and sailed over the entire course—eight miles. The sea was very heavy, but the ex-president enjoyed the sport hugely. He was landed at Marion.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children she gave them Castoria.

BERLIN, June 18.—The press of this city very generally approves the settlement agreed upon by Germany and England with regard to African affairs. Both governments are congratulated upon the amicable adjustment of all disputed points, and the opinion is expressed that the result will establish the best of relations between the two great powers in the near future and guarantee the continuance of peace.

James T. Gott, Carmi, Ill., Says:

"BEST & GOES FARTHEST."

The tissue of the cocoa bean is so softened as to render it easy of digestion, and, at the same time, the aroma is highly developed.

☞VAN HOUTEN'S COCOA ("once tried, always used") is **the original, pure, soluble Cocoa, invented, patented and made in Holland,** and is to-day better and *more soluble* than any of the numerous imitations. In fact, a comparative test will easily prove, that *no other* Cocoa equals this *Inventor's* in solubility, agreeable taste and nutritive qualities. "Largest sale in the world." GREED OF GAIN

and thirst for pleasure. The ruling passion of the human family. In grasping after riches the brain is taxed, the nervous system strained. In the pursuit of pleasure the body is tortured by fashion's despotic sway; the hours designed for repose are devoted to exhausting revelry; the stomach is ruthlessly imposed upon; pure water, the natural drink for all created beings, is ignored, and liquid fire is substituted until, ere we are aware of it, disease has fixed its iron grasp upon us. Then we look for the "remedy." To the victim of these follies, we commend Dr. Tutt's Liver pills. They stimulate the liver, strengthen the nerves, restore the appetite and build up the debilitated body.

A SON MISSING.

An Anxious Mother Making Inquiries for a Lost Son.

About the middle of last April the dead body of an unknown man was found floating in the river at Bluffton, and there being no identification, the body was interred at the expense of Wells county. The coroner made his required examination of witnesses and returned a verdict of "unknown man, drowned or suicide."

The description of the dead man was published and came to the ears of Mrs. Emma Korn, of Roanoke, Ind, who was in the city last evening, en route to Bluffton. She fears that the dead body is that of her son, Fred, who has been missing for some time. The woman said she received from her son a letter shortly previous to the finding of the body, stating that he was in poor health. She fears he committed suicide. When interviewed by a SENTINEL reporter last evening, Mrs. Korn said she was hardly able to go further on her journey. She was advised to return home and address the coroner of Wells county for particulars.

Every tissue of the body, every nerve, bone and muscle is made stronger and more healthy by taking Hood's Sarsaparilla.

Her Picture.

The mistake, in social conversation, of people who have money, and apparently nothing else, may be counted by the hundred, if report speak truly. Lack of culture can never render a person ridiculous, unless he is, at the same time, boastful and assuming, and there are, unfortunately, a sufficient number of such pretenders to point many a joke.

A very ignorant and wealthy woman who was fond of talking about her "art gallery," one day met, at the house of an acquaintance, a lady who had not called on her, although they lived in the same town.

"Come and see me, do!" said Mrs. B——, the patron of art, as the other lady was taking her leave.

"Thank you very much," was the non-committal reply.

"We've got a new picture, too. That ought to tempt you to come if I can't."

"I should be very glad indeed to see it."

"Such a lovely picture! Sometimes it seems to me I could look at it all day long."

"What is the subject of your picture, Mrs. B——?" inquired the hostess.

"Jupiter and Ten," returned she, with assurance.

Then some one remembered that the name, "Jupiter and Io," was probably printed upon the engraving

Symbols and Cymbals.

Explanations in set terms means very little to children. After hearing a point carefully defined, they sometimes need explanation of the definition. A little girl who had been given a number of Easter eggs was greatly delighted with their gay coloring and varied designs. Yet it occurred to her that she had never known what Easter eggs had to do with that festival.

"Auntie," she said, laying down her box of treasures, and putting on what the family called her "quizzing cap," "do people have colored eggs any time in the year, or is it only at Easter?"

"Only at Easter, I think," said auntie, who was very busy at drawing on her new gloves, and only half heard the question.

"And what does an Easter egg mean?"

"It's a symbol of life," and auntie ran hurriedly upstairs for a forgotten handkerchief. Poor little Annie! She had not learned much, after all.

"I wish I could just know what a symbol is," she said softly to herself, and her twin brother put in a lofty word:

"Oh, I can tell you that! It's a thing they used to play on in Bible times."

His Mind Was Elsewhere.

"Anything new in kids?" inquired the stylish young lady while on her shopping tour at a Sixth avenue store.

"Yes," replied the polite salesman, absent-mindedly, "twins last night—I beg your pardon—"

But the stylish young lady was out of sight.—*Town Talk.*

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.

National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five —— LARS.

$578,345 00/100 29 DEC 28 1889. CERTIFIED. Payable through New York Clearing House, N. B. A.

E. C. PC TTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The high price of Coffee has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our motto is selling large quantities at a small profit, for we purchase direct of the Importers and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.

BURY HIM AT THE POLLS.

Springer Warns Reed to Prepare for His Own and His Party's Funeral Next November.

WASHINGTON, June 19.—The proceedings of the house this morning opened with the expected fight over the reference of the silver bill. When the journal was read, Mr. Mills of Texas, objected to its approval, on the ground that the clerk had not read it in full. The speaker said that the clerk had only omited such parts as was customary, but he directed the clerk to read it in full, which was done, and it disclosed the fact that the silver bill had been received from the senate and referred to the committee on coinage, weights and measures.

Mr. McKinley moved the approval of the journal, and demanded the previous question, despite Mr. Mills' protest that he was entitled to recognition to move a correction of the journal. Mr. Springer, of Illinois, made the point that the journal contained a record of something which had not happened, and which should not be in the journal. The speaker replied that this was for the house to decide, while Mr. Springer, amid applause on the democratic side, made a vigorous protest, saying to the speaker:

"You can ignore the rights of representatives of the people; but the people will put you down at the polls next November and your party with you."

The speaker was unmoved, however, and the roll call proceeded and resulted—yeas 166, nays 117; so the journal was not approved. The democrats applauded vigorously.

The following named republicans voted with the democrats in the negative: Bartine of Nevada, DeHaven of California, Kelly of Kansas, Kerr of Iowa, Lind of Minnesota, Morrow of California, and Townsend of Colorado. When the applause had ceased, the speaker recognized Mr. Mills, who offered a resolution that the order of reference made by the speaker on the silver bill to the committee on coinage, weights and measures, was incorrect under the rules of the house, and was made without authority under the rules, and resolving that the journal be corrected by striking the entry from it.

Mr. Cannon, of Illinois, raised a point of order against the resolution. He claimed that the resolution proposed to strike out an entry which recorded a question of fact, and argued that the senate amendments would require to be considered in committee of the whole. No conscientious man could vote to strike out the recital of fact. Mr. Mills, of Texas, characterized Mr. Cannon's position as the boldest, most reckless, and absurd position he had ever heard. It showed that a well disciplined mind might become beclouded by starting out in error and continuing that course. Under the constitution the journal was to be kept by the house, not by the speaker or his clerks.

Mr. Mills charged the republican party with being false to its pledges on the silver question. The democratic party would give the people free and unlimited coinage of silver. The republican party was voting against the wishes of the people.

Mr. Peters, of Kansas, declared himself a free coinage man, but sustained the speakers action. Much laughter was caused by the vehemence of an interogatory put by Mr. M. Biggs, of California, to Mr. Peters. Mr. Biggs was called to order before getting an answer. Mr. Crisp, of Georgia, argued that under the rules the speaker had not the power to make the reference he had made. He referred to a decision made by the speaker concerning the Washington postoffice bill, which he held was opposite to the rulings under discussion.

This construction was controverted by Mr. Butterworth of Ohio, stating that he would have voted to overrule the ruling if he believed as Mr. Crisp did. In reference to a remark by Mr. Butterworth that the chair was always right, Mr. Crisp disclaiming any discourtesy, drew a simile between the remark and that of the Hindoo who appropriated his Hindoo god saying, "I know that he is ugly, but I feel that he is great."

The speaker joined in the hearty laughter that followed, and caused another outburst by remarking dryly, "the chair hopes that personal matters will not be introduced in this discussion."

Mr. Springer, of Illinois, claimed that the house had a right to revise its journal. The purpose of referring the bill to the committee on coinage was to prevent the house voting on the question of concurrence in the senate amendment.

Mr. Springer held that the silver bill was not properly (under the rules) before the house yesterday, because business on the speakers table had not been reached.

WARNER ELATED.

Gen. A. J. Warner, of Ohio, is elated over the prospects for the free coinage of silver. He says the bill as passed by the senate is as good a free coinage bill as any one can ask for, and that it is now certain to come to a vote in the house. The motion in his opinion will be to non-concur. If that is voted down, he says, the speaker can hardly refuse to entertain a motion to concur, as it would be contrary to all parliamentary precedents of congress. In Mr. Warner's opinion the senate has proved itself to be closer in faith with popular sentiment than the house. "I have no fear," Mr. Warner added, "but that free silver is at hand. Four fifths of the people of the country are united in favor of free silver."

The News as It Comes From Foreign Shores.

BERLIN, June 19.—The condition of the duke of Saxe-Meeggen continues to be serious. The massage treatment has been recommended by Prof. Boergamn and other physicians, and it is probable that the duke will undergo it at Wiesbaden.

LONDON, June 19.—The Paris correspondent of the Daily News asserts that an English protectorate over Zanzibar will be opposed by both France and Russia.

The Berlin correspondent of the Times in a dispatch to that paper says: It would be an international misfortune should the restriction by the British parliament of the bill providing for the cession of Heligoland to Germany in return for African territorial concessions made by the latter country result in changing the current of German gratitude to England into a less friendly feeling. The Germans are enthusiastic over the satisfactory outcome of the negotiations with England on the question of the African territorial rights of the two countries.

The Chronicle protests against Lord Salisbury going out of the way to enlarge the territory of Germany when the utmost necessity on account of New Foundland, to cultivate the friendliness of France. It thinks the government builder has brought us within measureable disolution. If the Heligoland bill is rejected, the Ministers will be bound to appeal to the country.

A BAD ACCIDENT.

Two Men Killed and Others Injured on the Pennsylvania Road.

TRENTON, N. J., June 19.—Two men were killed and several others seriously injured by an accident on the new branch of the Pennsylvania railroad now being constructed between Norristville and Downingtown, Pa. A gang of men were engaged in grading the new track and were at the bottom of a hill from which dirt was being dumped from a number of flat cars. In some manner six of the cars became detached from the locomotive and ran down the hill at a rapid speed, finally leaving the track and tippling where the men were working. Most of them succeeded in getting out of the way, but two of them, named Murphy and Egelia, were caught by the cars and killed. About a dozen others were injured.

Adopted by a Professor to Keep His Students from Wrong.

SHAWNEETOWN, Ind. Ter., June 19.—Two Indian boys at the government school for Indian children, were suspended by Prof. Harvey, for paying clandestine visits at night to the apartments of two Indian girls. The professor a few nights ago armed himself with a double barreled gun, and watched for the boys. They soon made their appearance, and started to climb into the girls' room by means of a rope ladder. The professor called on them to stop, but they only climbed the faster. The professor then shot at them, inflicting a very serious wound on one of the boys. The Shawnee Indians are very much excited over the matter.

A COLD BATH.

Forty Men and Boys Precipitated in the Water.

NEW YORK, June 19.—A section of the bridge running from the sea wall in front of the Hudson Square park, Hoboken, to the free baths gave way last night and precipitated about forty men and boys into the water beneath. There was great excitement among the hundreds of people that were on other parts of the bridge, and in the neighborhood, and their frantic movements greatly retarded the rescuing of the drowning people. It is believed, however, that all were rescued without serious injury.

Gasoline Explosion.

CALAIS, Me., June 19.—Last evening C. A. Lindlow, station agent of the New Brunswick railway at St. Stephen, N. B., entered a car containing two iron tanks filled with gasoline, and lighted a lantern. A small amount of gasoline from one of the tanks exploded, blew him out of the door, wrecked the car, smashed all the windows in the vicinity and set fire to the car and freight house. Lindlow was badly burned.

Fraudulent Pensions.

BOSTON, June 19.—George Watson, a veteran of the Mexican war, aged sixty-five years, was arrested at East Milton yesterday, charged with fraudulently drawing the pensions of four other veterans.

WASHINGTON, June 19.—For Indiana: Fair, except showers, stationary temperature, northerly winds.

COULDN'T GET BAIT!

The Master of an American Schooner Unable to Get Bait for Cod Fishing at Bay St. George.

BAY ST. GEORGE, N. F., June 19.—The American fishing schooner, Hattie Evelyn, of Gloucester, Mass., put in here yesterday morning to buy herring for bait to use in cod fishing on the great banks. Collector of the Port first boarded the vessel and demanded light house dues of $16. As all seven of the light houses on the coast are erected and maintained by the Canadian government, and the New Foundland authories have never put up a single light house on the French shore, Capt. George McLean, master of the schooner, refused to pay. The collector threatened to seize the vessel and the dues were paid after a formal protest.

The collector next notified Captain McLean not to buy bait until he had purchased a license under the new bait act. This would cost $65. He threatened seizure if Captain McLean tried to evade the law. McLean claimed the right under the treaty of 1818 to get bait on the French shore and denied the power of the local government of New Foundland to obstruct the construction of the treaty made between Great Britain and the United States. He reminded the captain that the entire fleet of American vessels got their bait here without obstruction four weeks ago. The collector was still obdurate and the captain sent the following telegram to Sir William Whiteway, the premier, at St. Johns:

I am master of the American schooner Hattie Evelyn and put in here for bait. The collector demands light money, which I have paid under protest. The collector now demands a license for bait, under penalty. As an American citizen I claim the privilege of procuring bait under the treaty of 1818. Do you support the collector in his demands? Answer immediately.

The answer which came, after a long delay, from the attorney general at St. Johns said briefly:

You cannot purchase bait without a license.

Captain McLean would not yield what he believed to be his rights as an American citizen, and sailed away, after much loss of time, to try and procure bait elsewhere.

THE LOTTERY CHARTER.

An Englishman Offers to Pay $250,000 More a Year Than the Louisiana Lottery Company Pays.

NEW ORLEANS, June 19.—In the state senate yesterday the proposition to investigate the rumors of bribery in connection with the lottery legislation, was indefinitely postponed by a vote of 22 to 12. This vote is regarded in some quarters as a test of the strength of the lottery people in the senate. As two antis were absent when the vote was taken, the result shows that fourteen senators are opposed to the lottery scheme. This will be sufficient to defeat the bill, which requires a two-third vote to pass it.

A. Hengass, of London, England, presented a proposition to the legislature yesterday, offering $1,250,000 a year for a lottery privelege for twenty-five years. This is $250,000 a year more than is offered by the Louisiana Lottery Co. It is said that a New York syndicate will make a similar offer.

THROWN OUT OF COURT.

A Yale Student Who Does Not Pay His Debts.

HARTFORD, Conn., June 19.—The suit of the Sing Chong company, of Shanghie, China, against young Young Wing to recover $13,000, was thrown out of court yesterday. Young Wing, who is a Yale graduate, visited China some years ago and while there borrowed $13,000 from the Sing Chong company. He has failed to repay the money. The company appealed to the American courts to force the delinquent borrower to pay the amount. The plaintiff's documentary evidence and exhibits are in the Chinese language. The defence protested that the evidence was not admissible and, after hearing the arguments, Judge Thayre gave judgment in favor of Young Wing.

Drowned.

SANTA CRUZ, June 19.—A man named John Smith said he left San Francisco on Tuesday last in a sloop with two others, was rescued several miles above this city from a small boat to which he was clinging. When found he was thoroughly exhausted. He says that his two companions, named Sullivan and Ryan, and himself were endeavoring to make the shore in a small boat when it capsized, precipitating all three into the water. Ryan and Sullivan were drowned.

Bucket Shop Decision.

FRANKFORT, Ky., June 19.—The court of appeals rendered a decision yesterday which gives the loser in bucket shop transactions the same right to recover the money as in other kinds of gambling. This will probably settle the bucket shop business in Kentucky.

Republican Convention.

FARGO, N. D., June 19.—It has been decided to hold the republican state convention at Grand Forks July 22. The selection of the time is a knock out for the lottery men, who were in favor of September 15. The anti-lottery men had a pronounced majority.

AT HIGH NOON

Occurs the Marriage of the Youngest Daughter of Senator Farwell to Hobart C. Taylor.

CHICAGO, June 19.—Miss Rose Farwell became the bride of Hobart Chatfield Taylor at high noon to-day. The bride is the youngest daughter of United States Senator Charles B. Farwell and a sister of Mrs. Reginald de Koven, the noted musician and comic opera composer. The groom is twenty-five years of age, a nephew of Payne Chatfield, the well-known society man, a literateur of fame, one of the founders and editors of America, of considerable wealth and the head of the creme de la creme of Chicago bachelor circles. The bride is a stately and beautiful girl of nineteen, and but a few weeks ago graduated from college.

INDIANS PARADE.

They Create a Lively Time in a Firemen's Parade at Pierre.

PIERRE, S. D., June 19.—When the firemen's parade formed yesterday at 10 o'clock the Indians from the Big Foot and the Hump bands, who had been invited to take part, rode upon ponies, painted and breech-clouted, and swung in directly in front of the parade. The stylish Pierre city band was crowded to one side, the Indians sweeping through them with war clubs in the air. The officers of the day attempted to lead them to the rear, but were compelled to run to get out of danger. An interpreter was finally procured, the bucks were quelled, and upon promise of several fat beeves to kill directly after the parade, they took their places in the rear. Once again during the parade the braves could not contain themselves and rode down the line on a run, scattering the companies right and left. Last night the Indians held a big war dance, while medicine men of the tribe performed ceremonies to make their hose team win in the races to-day.

WOMAN EXILED

For Predicting Harm to the Czar of Russia.

ST. PETERSBURG, June 19.—Madame Tschebrikova and fifteen others have been exiled to the remote village of Yargsk, department of Vogoda, in the northern part of Russia, where they will be placed under surveilance. Madam Tschebrikova is the woman who recently wrote a remarkable letter predicting for the czar the fate of his predecessors, Peter III., Paul I. and Alexander II., unless his reactionary policy was abated. The letter was found in the private apartments of the czar, and subsequently was very generally published throughout Europe and the United States.

Mrs. McKee will probably remain with her mother three weeks. She will make several trips to the more fashionable summer resorts during the season.

LOUISIANA'S CAPITAL

May be Removed from Baton Rouge to New Orleans.

BATON ROUGE, La., June 19.—By a vote of 9 to 5, the ways and means committee decided to report favorably on the proposed constitutional amendment removing the capitol from this city to New Orleans.

Alger's Opinion.

DETROIT, Mich., June 19.—General Alger was asked what the result would be if the bill should pass reducing the tariff on lumber from $2 to $1. He said: "The direct result would be the transferring of the base of operations in a large measure from Michigan to Canada, as Canada stumpage is cheaper than Michigan and other states. A great number of Michigan lumber men think the result of this reduction would be disastrous."

Champion Runner Dead.

HILLSDALE, Mich., June 19.—Robert A. Ward, the champion half mile runner of the Detroit athletic club, died suddenly yesterday afternoon at his father's residence here. Mr. Ward also held the half mile amateur championship of the United States, which title he won at the annual meeting of the Amateur Athletic union at Traverse Island, N. Y., last fall.

St. Louis' Population.

ST. LOUIS, Mo., June 19.—According to the figures turned in by the enumerators, the population of St. Louis is 135,000, or 75,000 less than the most conservative estimates. Four special enumerators have been set to work revising the districts from which come reports of neglect.

THIRTY-FIVE DAYS.

Mayor Harding Will Deliver Medicine in Large Doses to Vagrants—Police Court.

Some time last night Ewing's grove was made the camping place of about fourteen tramps, each and every one of whom was about as ugly a specimen of the class as has infested this community. The patrol wagon was sent for, but the fellows took warning of its approach and fled. Officer Limesnoly gave chase, capturing two of the very toughest of the gang. They were slated at police court as Timothy Klifton and John Rogers. They came from nowhere and are beating a path to the same place. The mayor said he would assess a fine heavy enough to keep the offenders out of bad company for thirty-five days, as he would treat other vagrants in the future.

John Welsh and Thomas Collins were arrested last night at the south depot by Officer Kramer for drunkenness.

George Davidson, a brother of the murdered Davidson and uncle of the Davidson now on trial for the crime, arrived in the city last night from Indianapolis. The man was laboring under the difficulties of a prolonged spree, approaching delirium tremens, being so daft on intelligible subjects that he was mistaken on the streets for an insane man. Officer Gushing took him into custody and looked him up. When arraigned before the mayor this morning his case was visibly needful of medical attendance and he was accordingly sent to the jail hospital, where the county physician will set him right.

Newton Murray, a brawny and ugly citizen, assaulted his wife last night at their apartments, in the Didier building, at the corner of Columbia and Barr streets. Officer Stoll investigated and placed Murray under arrest, but the man resisted. A rough-and-tumble fight ensued, in which Stoll's club came into play. The wagon soon arrived and Lieutenant Lapp came to the young officer's assistance. Murray will stay behind the bars for a term of fifteen days.

MR. "JERRY" ERVIN.

Death of a Well Known and Prominent Farmer.

At noon yesterday occurred the death of Mr. Jeremiah Ervin, a well known and prominent farmer living six miles north of the city. He was a brother of Mr. John Ervin, of this city, and was universally esteemed for his sterling worth as a citizen, possessing traits of character that won for him the love of all with whom he was thrown into contact.

He was born in this county on the 25th day of November, 1840. He was a soldier in the late war of the rebellion, having enlisted in 1864 and serving for a year in active duty. Mr. Ervin was a member of the Methodist church of Wallen and his funeral will be held at that sanctuary to-morrow morning at 11 o'clock, the interment being at the cemetery at Wallen.

The cause of his death was dropsy. A widow and ten children survive him and mourn the loss of a devoted husband and a kind, true father. His death will be heard with sadness by his large circle of friends throughout the county.

LIQUOR SEIZED.

Searchers Raid the Original Package Houses at Des Moines.

DES MOINES, Iowa, June 19.—The "searchers" yesterday began raiding the original package houses on warrants charging the proprietors with obtaining and keeping liquors and illegal sales. A number of places were visited and all the liquor not in original packages was seized. The "searchers" then ordered the proprietors out, closed and locked the doors, and carried the keys away. It is understood that they only intend molesting the dealers who break original packages.

Silver Talk.

DENVER, June 19.—The meeting of the Colorado silver association, which was held here yesterday, was addressed by Francis G. Newland, of Nevada, a member of the national silver committee appointed by the St. Louis convention, who has been in attendance in Washington through the winter. Resolutions were adopted favoring free coinage and opposed to bullion redemption, also favoring the retirement of those senators and congressmen who voted for such a measure.

Down an Embankment.

READING, Pa., June 19.—This morning while fifteen young ladies from the Schuylkill seminary, at Fredericksburg, were on their way to the railroad station at Jonestown in a coach drawn by four horses, some of the harness broke and the animals becoming unmanageable, plunged down a twenty foot embankment, the coach and its occupants falling on top of the horses. All of the ladies were more or less severely injured.

Foreign Strike.

CALAIS, Me., June 19.—The strike among the lumber men ended this morning and the men returned to work at $1.40 per day. They demanded $1.50.

Mrs. R. H. Wade and daughter, Eva, who have been guests of Mr. and Mrs. J. J. White, left for Lafayette to-day to visit. They will soon return to Los Angeles, Cal., their home.

Sheriff Viberg is at Columbia City attending the Davidson murder trial. Mr. Viberg has been active in hunting down criminals and takes an interest in the Davidson trial. He has made an excellent sheriff and will poll a larger vote at the polls this fall than when he ran for the office before.

It goes to show that "F. G." and "Frank's Choice" are the popular 5 cent cigars of the day when it is known that Mr. Frank J. Gruber, the manufacturer, has sold over 13,000 more during the past month than the sales of any other month's business since their manufacture commenced. 19&21

ROGERS' ROYAL
NERVINE

stands unrivalled and unequalled as a panacea in the history of medicine. It is not a quack medicine, simply got up for sale. It is the result of the botanical researches of a medical man of high scientific attainments. Since its virtues have been tested and known, the demand for it has increased so enormously that the manufacturers have had to extend their works.

ROGERS' ROYAL NERVINE cleanses, nourishes, invigorates and purifies. It gives new life to the body enfeebled by disease, and yet it contains nothing that is injurious to the organization. Hence, there is no unpleasant reaction resulting from the use of it. It is invaluable to sufferers from nerve troubles of any kind.

THE Ohio prohibitionists nominated a state ticket to-day.

MR. ROSS, the chief of the census bureau at Baltimore, thinks the present population of Baltimore is between 437,000 and 438,000.

THE cedar block pavement makes West Jefferson street loom up as one of the most popular thoroughfares in the city for evening drives.

THE census enumerators of the city who have not completed their labors have had the time extended for making their returns until Saturday.

THE house committee on postoffices has authorized a favorable report on the bill fixing eight hours as a day's work for clerks and employes in all first and second-class postoffices whose salaries do not exceed $1,400.

THE democratic state central committee of Ohio have decided to hold their state convention at Springfield on August 26 and 27. The Buckeyes pass their state conventions around and this is what should be done in Indiana.

THE ladies of Marion are organizing a society for the prevention of cruelty to children and animals. Fort Wayne has had an organization of that kind for several years, but through the lack of interest on the part of its members lately, it is doing little work.

ANOTHER weather prognosticator in the person of Prof. Collar bobs up serenely and tells what will happen for the balance of the month. He says the last few days will be almost unbearable in warmth and the nights very uncomfortable. There will be a few wild and furious storms, doing more hurt than good to crops.

STANLEY has been made Governor General of the Congo Free State. The place goes to him under the "law of natural selection." He is entitled to the position by the right of discovery. Certainly no man is better equipped by observation and experience for governing this new free state than the man who of all men knows the most about Africa.

THE Columbia City Post pays Prof. N. B. Leonard this compliment: "Prof. Leonard of the Fort Wayne Gazette, attended the court house dedication and reported the proceedings for his paper. He gave an exceedingly interesting sketch of the building and exercises, and demonstrated the fact that he can do such work a little bit better than some of the younger men of the fraternity who would class him as a back number or an old fogy. The report gave evidence of scholarship and ability to discern the most salient points in the addresses."

PRESIDENT HARRISON sees the handwriting on the wall. In a published interview with a gentleman at Washington he says he is not a candidate for renomination to the presidency. Hear him. "I am not the president of any one party, nor am I president for purposes of self seeking. My duty is to the whole country and I will perform it. I am not nor will I be a candidate for renomination. I am sick and overwhelmed with the ingratitude of friends and the importunity of selfish office seekers. When my term is ended I will lay down the office with a sense of relief such as I have never before enjoyed. I will go back to Indianapolis, resume the practice of law and retire from public affairs."

A TASKET meeting is to be held in Jeffries' grove near Broxon church, Saturn, Whitley county, next Saturday. Elder M. Blaney, of Kendallville, formerly pastor of the Christian church of this city, will conduct the meeting.

THE board of state charities has arranged to hold a state conference of charities in Indianapolis in the month of October next, the exact date of which has not yet been determined. A circular has been issued asking the co-operation and attendance of all county commissioners, superintendents of infirmaries, matrons of orphans' homes, township trustees, county officers and all citizens interested in charitable and reformatory work. The conference will occupy probably three days.

A FEW days ago the Indianapolis Journal made the statement that the Indianapolis Sentinel newspaper company was engaged in selling the new voting booths, to be used under the new election law in force in this state. The Gazette of this city made the same statement. The Indianapolis Journal, in its next issue, made a correction of its item and said that the name used in its article as selling the voting booths should have been the Indianapolis Sentinel Job Printing company, a firm in no wise connected with the Sentinel newspaper company. The Fort Wayne Gazette has not published a correction of its mis-statement. Why is this thus?

THE senate committee on finance, in its reduction of duties fixed in the McKinley bill upon various articles, has taken a step that adversely affects an industry in Indiana. The present tariff bill fixes a duty of about 3 cents a yard, (1¼ cent a pound) upon cotton bagging, which is worth 6 cents or less a square yard and about 4 cents a yard (2 cents a pound) for bagging sold at 6 cents or more per yard. The McKinley bill reduced the duty to 13.10 cent a yard for the article worth less than 6 cents per yard and 14.5 cent per yard for that worth 6 cents or more per yard. The senate committee on finance has reduced the figures fixed by the McKinley bill so as to make the first grade pay 1 8.10 cent and the second grade 1¼ cent per yard. The largest cotton bagging industry in the United States is located at Muncie. It was one of the first factories established in the country and was located there by James Boyce about fifteen years ago. He started upon a small capital and imported a small quantity of jute butts, which he used with home-grown flax. From that plant he enlarged till there were fifty or sixty flax mills throughout the state in operation as feeders for that and other cotton-bagging factories. The factory at Muncie is now employing several hundred persons, and is one of the greatest industries in the state.

THE SILVER BILL.

The text of the silver bill, as it passed the United States senate, and goes to the house for action, is as follows:

Section 1. That from and after the date of the passage of this act the unit of value in the United States shall be the dollar, and the same may be coined of 412½ grains of the standard silver, or of 25 8-10 grains of standard gold; and the said coins shall be equally legal tender for all debts, public or private, that thereafter any owner of silver or gold bullion may deposit the same at any mint of the United States to be formed into standard dollars or bars for his benefit and without charge; but it shall be lawful to refuse any deposit of less value than $100, or any bullion as base as to be unrentable for the operations of the mint.

Sec. 2. That the provisions of section 3 of an act to authorize the coinage of the standard silver dollar, and to restore its legal tender character, which became a law February 28, 1878, is hereby made applicable to the coinage in this act provided for.

Sec. 3. That the certificates provided for in the second section of this act, and all silver and gold certificates already issued, shall be of denominations of not less than $1 or more that $100; and such certificates shall be redeemed in coin of standard value. A sufficient sum to carry out the provisions of this act is hereby appropriated out of any money in the treasury not otherwise appropriated. The provision in section 1, of the act of February 28, 1878, entitled "An act to authorize the coinage of the standard silver dollar and to restore its legal tender character," which requires the secretary of the treasury to purchase at the market price thereof not less than two million dollars of silver bullion per month, nor more than four million dollars' worth per month of such bullion, is hereby repealed.

Sec. 4. That the certificates provided for in the act, and all silver and gold certificates already issued shall be receivable for all taxes and dues to the United States of every description, and shall be a legal tender for the payment of all debts, public and private.

Sec. 5. The owners of bullion deposited for coinage shall have the opportunity to receive coin or its equivalent in the certificates provided for in this act, and such bullion shall be subsequently coined.

Section 6 provides for covering into the treasury the fund held for the redemption of national bank circulation.

The title of the bill was amended so as to read: "An act to provide for the free coinage of gold and silver bullion and for other purposes."

THREE IN A ROW.

The Fort Wayne Club as Reorganized. Not Yet Defeated.

The Fort Wayne base ball club won its third consecutive game yesterday since its reorganization, Kokomo being the losing club. The score stood 5 to 1. Gallagher and Ferris were in the points. Only three hits were made off our pitcher. Harmony rests serene over our club now, which accounts for the good playing.

Following is the score:

Kokomo	1 0 0 0 0 0 0 0 0—1
Fort Wayne	0 1 0 0 0 1 0 0 *—5

Hits, Kokomo 3, Fort Wayne 5. Errors, Kokomo 2, Fort Wayne 3. Batteries, Lucid and Raffert, Gallagher and Ferris. Umpire, Sullivan.

SAVED HIS LIFE.

A Criminal Escapes the Death Penalty Through a Railroad Accident.

PARKERSBURG, W. V., June 18.—The railroad disaster a day or two ago on the Chesapeake and Ohio, near Ashland, in which a number of persons were killed, was the means of saving the life of Azero Palmer. He was about to be tried on the charge of having criminally assaulted Miss Julia Hester, the penalty for which crime in this state is death. The only witnesses were the girl herself, her sister and mother. All three were killed in the disaster and the case against Azero has been dismissed for want of testimony against him.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

Both governments are congratulated upon the amicable adjustment of all disputed points, and the opinion is expressed that the result will establish the best of relations between the two great powers in the near future and guarantee the continuance of peace.

Cocoa is of supreme importance as an article of diet. Van Houten's has *fifty per cent.* more flesh-forming properties than exist in the best of other cocoas.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

The tissue of the cocoa bean is so softened as to render it easy of digestion, and, at the same time, the aroma is highly developed.

VAN HOUTEN'S COCOA ("once tried, always used") is the original, pure, soluble Cocoa, invented, patented and made in Holland, and is to-day better and more soluble than any of the numerous imitations. In fact, a comparative test will easily prove that no other Cocoa equals this inventor's in solubility, agreeable taste and nutritive qualities. "Largest sale in the world." Ask for VAN HOUTEN'S and take no other. 55

GREED OF GAIN

and thirst for pleasure. The ruling passion of the human family. In grasping after riches the brain is taxed, the nervous system strained. In the pursuit of pleasure the body is tortured by fashion's despotic sway; the hours designed for repose are devoted to enervating revelry; the stomach is ruthlessly imposed upon; pure water, the natural drink for all created beings, is ignored, and liquid fire is substituted until, ere we are aware of it, disease has fixed its iron grasp upon us. Then we look for the "remedy." To the victim of these follies, we commend Dr. Tutt's Liver pills. They stimulate the liver, strengthen the nerves, restore the appetite and build up the debilitated body.

Frank Ryan, of the Olds wagon works, attended the painters excursion to Rome City Monday, and missing the evening train, was abliged to walk very near all the way home.

Yesterday the officers of the Muncie offices, in the Trentman block of this city, were notified that on July 1, all the general offices of that road in this city would be removed to Indianapolis and consolidated with the Lake Erie and Western railroad general offices. L. A. Wales, cashier; J. D. Williams, auditor; S. A. Wekel, general freight agent, and F. E. Elliot and Thomas L. Comparet, of the ticket department, were ordered to make arrangements to move with the offices to Indianapolis.

A SON MISSING.

An Anxious Mother Making Inquiries for a Lost Son.

About the middle of last April the dead body of an unknown man was found floating in the river at Bluffton, and there being no identification, the body was interred at the expense of Wells county. The coroner made his required examination of witnesses and returned a verdict of "unknown man, drowned or suicide."

The description of the dead man was published and came to the ears of Mrs. Emma Korn, of Roanoke, Ind, who was in the city last evening, en route to Bluffton. She fears that the dead body is that of her son, Fred, who has been missing for some time. The woman said she received from her son a letter shortly previous to the finding of the body, stating that he was in poor health. She fears he committed suicide. When interviewed by a SENTINEL reporter last evening, Mrs. Korn said she was hardly able to go further on her journey. She was advised to return home and address the coroner of Wells county for particulars.

Every tissue of the body, every nerve, bone and muscle is made stronger and more healthy by taking Hood's Sarsaparilla.

Her Picture.

The mistake, in social conversation, of people who have money, and apparently nothing else, may be counted by the hundred, if report speak truly. Lack of culture can never render a person ridiculous, unless he is, at the same time, boastful and assuming, and there are, unfortunately, a sufficient number of such pretenders to point many a joke.

A very ignorant and wealthy woman who was fond of talking about her "ar gallery," one day met, at the house of an acquaintance, a lady who had not called on her, although they lived in the same town.

"Come and see me, do!" said Mrs. B——, the patron of art, as the other lady was taking her leave.

"Thank you very much," was the non-committal reply.

"We've got a new picture, too. That ought to tempt you to come if I can't."

"I should be very glad indeed to see it."

"Such a lovely picture! Sometimes it seems to me I could look at it all day long."

"What is the subject of your picture, Mrs. B——?" inquired the hostess.

"Jupiter and Tea," returned she, with assurance.

Then some one remembered that the name, "Jupiter and Io," was probably printed upon the engraving.

Symbols and Cymbals.

Explanations in set terms means very little to children. After hearing a point carefully defined, they sometimes need explanation of the definition. A little girl who had been given a number of Easter eggs was greatly delighted with their gay coloring and varied designs. Yet it occurred to her that she had never known what Easter eggs had to do with that festival.

"Auntie," she said, laying down her box of treasures, and putting on what the family called her "quizzing cap," "do people have colored eggs any time in the year, or is it only at Easter?"

"Only at Easter, I think," said auntie, who was very busy at drawing on her new gloves, and only half heard the question.

"And what does an Easter egg mean?"

"It's a symbol of life," and auntie ran hurriedly upstairs for a forgotten handkerchief. Poor little Annie! She had not learned much, after all.

"I wish I could just know what a symbol is," she said softly to herself, and her twin brother put in a lofty word:

"Oh, I can tell you that! It's a thing they used to play on in Bible times."

His Mind Was Elsewhere.

"Anything new in kids?" inquired the stylish young lady while on her shopping tour at a Sixth avenue store.

"Yes," replied the polite salesman, absent-mindedly, "twins last night—I beg your pardon—"

But the stylish young lady was out of sight.—*Town Talk.*

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five —— LARS.

$578,345 00/100 29 DEC 28 1889. CERTIFIED, Payable through New York Clearing House, N. B. A. E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

We now offer Best Extra C., 6c. Best Standard A., 6½c.
Powdered and Crushed, 7c. Granulated and Cut Loaf, 7c.

COFFEE, COFFEE—Rio, Java, Mocha and Roasted Coffee.

There has been little change in the Coffee Market the last three months. It is too high yet. The clique has control of the market and keeps prices up. We still sell our best Rio at 22c. lb. This we are enabled to do in consequence of our large purchases and selling direct to our customers—in this way saving the profit of the jobber and wholesale merchant.

Durham Coffee in Packages, 26c. Levering's Coffee, 26c. lb.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The high price of Coffee has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our motto is selling large quantities at a small profit, for we purchase direct of the Importers and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.
